The offers presented are subject to stock availability during the promotion period and are available at participating dealerships only. Participation can be determined by calling 1300 323 722 or by calling your nearest dealership. Parts listed may be VIN specific, parts advertised have been identified to suit the majority of the models specified. Part numbers should be checked against the VIN to ensure suitability. For assistance, please contact your nearest participating Daimler Truck & Bus dealership prior to purchase. Prices within this promotion are recommended maximum selling prices including GST, excluding labour and fitment costs from a participating dealer. Prices will be valid during the promotion period stipulated at the front of this catalogue. All items have been included in good faith on the basis that they will be available during the promotion period. Photographs are for illustrative purposes only and may not represent actual products. We reserve the right to correct all printing errors. Where third party images and content appear, this has been done with the appropriate approval. ALLIANCE RADIATORS.

FEATURES AND BENEFITS:

- All new radiator, including side straps and brackets
- All aluminum construction can improve thermal transfer while reducing weight and eliminating crimps and other failures common to plastic models
- Designed with side-rail stress relief cuts to reduce stress on the headers and allow thermal expansion
- Increased tube wall thickness may assist in durability and longevity
- Redesigned corner brackets to increase unit durability and improve ease of installation
- Radiator tubes are high-frequency welded, seamless tubes for strength and durability
- Every unit is leak- and fit-tested to ensure quality cooling and a proper OE-grade fit
